for an Ealing
Performance &
Arts Centre

CEPAC

A new heart for Ealing

The Arts Matter

The arts touch all of our lives - whether watching our favourite TV show, listening to music on an iPod or seeing our children perform in a school play.

We want to encourage and nurture people's innate enthusiasm for the arts by providing a performing arts space in central Ealing.

**There is no professional concert hall
west of the Royal Albert Hall**

Ealing Council has expressed the wish for Ealing to be a 'leading West London centre for the arts' and 2,000 local people recently agreed:

**An Arts Centre would help fill a yawning
gap in Ealing's cultural provision**

We're going to change that

Ealing is one of the few London
Boroughs and significant towns
in the UK that has neither an
arts officer nor a professional
performance and arts centre.

We want to change that

Our Aim

To see a comprehensive range of arts facilities established within the Ealing Broadway area in the form of a high quality Performance and Arts Centre to complement current arts provision.

A Performance and Arts Centre will establish Ealing as a regional centre of excellence for professional and amateur music, drama, dance, film, comedy and other arts.

Time to Make it Happen

Campaign for an Ealing Performance & Arts Centre (**CEPAC**) aims to help fill the growing need for arts facilities in the centre of Ealing.

We have developed our vision following Ealing Council's Arts Scrutiny Review Panel recommendations, which included the creation of the post of Council Arts Officer.

CEPAC also supports the Mayor's London Plan which stresses the importance of arts and culture for the wellbeing of the city's communities.

Let's put a new heart into Ealing

Why Ealing needs an Arts Centre

A Performance and Arts Centre attractive to both Ealing and out-of-borough residents would increase footfall and spending in the hard pressed commercial centre.

It would double as a conference centre generating income and business as well as bringing civic pride to the heart of Ealing.

Give Your Support

Over 2,000 residents have backed our drive for better arts facilities for central Ealing by signing a recent petition.

Please join them in supporting **CEPAC** by filling in the form on the back of this leaflet or through our website www.cepac.org.uk.

Together we can make it happen
